

*Dear Bishop Ogles & all AOC members around the world:  
Greetings from Pakistan.*

*Christians of Pakistan are celebrating Christmas this year  
in the midst of a complex conflict involving regional and global powers.  
We as a church are present in perhaps the world's most hostile  
and vulnerable areas at the moment.*

*God has allowed us to be there in His name.  
And we are happy that God is still with  
us and with the moral support of  
AOC people like you we will continue  
to do His will on this part of earth.  
Please pray that this Christmas  
will bring more peace and harmony in  
Pakistan and around the world.*

*I wish you all a very Merry Christmas and joyful new year.*

*In His service,  
Bishop Ernest Jacob*
